TO: The FCC

I am a disabled Air Force veteran. I am a semi-invalid, mostly house-bound and I do enjoy RFD. I will be very disappointed if RFD is no longer on the air, because I enjoy the music and reunions of the country western stars and shows that have so much meaning. It gives me something special to look forward to on television. Thanks for letting me place my vote to keep RFD on.

Dear FCC

Re: Proceedings Number 16-41

The watch RFD-TV via Uyo Broadband

The cable companies who want to drop RFD-TV just because it is rural programming and doesn't meet their urban thinking are just WRONG.

If it weren't for rural America, urban America wouldn't exist and wouldn't exist.

As I understand it, these cable companies cover areas in which there are farmers and others who watch RFD-TV. If RFD-TV is dropped, these people will no longer have access to RFD-TV.

RFD-TV carries programs that are varied and not carried by other channels. Its programming is wholesome and is aimed at all ages and not just the younger generations who have no idea what quality programming is. All they seem to be interested in are shows that feature sex and violence and in my opinion contribute greatly to what ails America.

FCC, remember that you should be representing all Americans not just the younger generations who live in the urban areas. Please don't let the urban cable companies drop RFD-TV.

Thank you for your consideration in this proceeding.

Sincerely,

Catherine Pexton

Dear FCC: Procedure Number 16-41

I watch RFD-TV on DIRECTV with 4 other family members on a regular basis. We love RFD-TV. There is not another channel like it. It offers everything we like and are interested in.

My husband is a farmer with cattle; he and the grandchildren ride horseback, and RFD-TV has programming that is right down our alley. We watch the various horseback riding clinics; the gospel and country music shows, videos, agricultural shows, etc. We never have to be concerned about vulgar language or any X-rated

programs. This is very important to us.

RFD-TV means so much to many of us. It is important that the public has choices for independent channels on television. RFD-TV impacts our agricultural community and ~~home~~ community by providing educational programming that has enlightened us as many others who may not otherwise gain that information and education from a paper or book by reading.

We don't think it is fair or right that large urban media companies are attempting to force rural channels like RFD-TV off the air, as well as other independent channels.

We have friends who ~~for~~ love RFD-TV but feel they cannot afford the package that affords RFD-TV. We understand because we had to go for a more expensive package to get RFD-TV. Therefore, we

suggest that independent programming like RFD-TV should be offered in the most economical cable package and not put on some expensive tier, where the customer has to pay more. Urban based media giants should not block the rural content from being distributed due to their bias.

We are most concerned and are asking you to PLEASE protect independent programming. We are asking you to ensure that independent channels get carried on all cable/satellite systems.

We truly appreciate your time reading our comments and realizing something needs to be done to protect independent programming.

Sincerely,
Barbara Jenkins

Dear FCC:

We are writing to you in reference to our favorite T-V station, RFD.

We have been advised lately you are planning to drop the RFD broadcasting station. We are very much saddened by this news. It is the best music and info on this station. We never miss a weekend of shows.

Please do something about this so all of our shows will not be dropped.

They also have a real nice variety of shows. We love them.

Keep the good works going. We are looking forward to having all them continue.

Thanks very much.

It would be a shame to bend to pressure and to remove such a wonderful station from the airwaves.

It is very hard to find a good television program, most of the ones that the station airs show killing, drugs, occult, sexual scenes displayed. I do not have much to say about the television stations that show this kind of garbage, except that it is ruining the family structure, children and some adults are impacted by this type of programming.

I enjoy watching RFD-TV, it is come by a family oriented, and community structured television which educates the public about farming, and rural family life.

If RFD-TV is taken off the air by large cable and satellite providers it would definitely impact me in keeping the current cable provider that I have at this time, much less signing with another company if they do not carry this station.

To whom it May Concern (Fcu)

We are writing to you in hopes that it will keep Red TV on TV. As things haven't been too good with the cable companies you see we have "Direct-TV" (Bundle package) and they have these packages you have to sign "2 year contract" Problem is you might get in few channels you like the movies on but they let you see approx 15 minutes or so of the movie with 10 to 12 commercials at the end they rush the credits and some movies they cut the music like free "Willie with Michael Jackson" singing "they cut it" they play a little at the end and "Litan" with Celine Dionne" same things. Most the channels are sports and infomercials there is no local news, weather channel except once in while N(over)

but that doesn't help us where
we are, as it tells about
North and South. Sometimes our
State Capital, We don't even have
a channel to turn to in an
emergency - as they say turn to.

what I'm really trying to say
is Please Keep RFD-TV and the
family movies on it our life

Plus we paying to much money for
Cable and phone \$209⁰⁰ per month
we have "Bundle package"
we have "Verizon and Direc-TV"
plus we are senior citizens

To Whom it May Concern, FCC

this letter is in support of R7D TV to
continue on Direct TV. Regarding 1641
I am a retired senior citizen and find
that the programming on R7D is the best for
people such as me. If R7D should be off
the air, my TV would be shut off completely.
I find nothing else suitable to watch.

R7D TV makes this old lady happy and
thankful it is available, so please let it alone
and don't mess with it. I applaud Patrick
for taking a stand.

Thank you for your consideration.
